Dear Mr. Commissioner:

I received a letter from your office requesting a corrected copy of my patent on 11/18/03. The corrected copy was sent to you via Certified Mail – United States Postal Service. However, the USPS has lost that package. After having given the USPS time to search for my lost package and to ensure that it was truly lost, I contacted Mr. Preston Wallace. (via phone). Mr. Wallace works in the patent office's Information Department and he was kind enough to assist me with my problem. Because of the time constraints outlined in the letter received from your office, he told me it would be better for me to fax the corrected copy, and a copy of the USPS Certified Mail Receipt to you. We agreed that I should also send the hard copies to you, and I will do that later today. (via UPS overnight mail).

I hope this explains the reason for the fax, and that you will find the correction of the spacing of the specification, claims and/or abstract all in order. If you would please send me an acknowledgment that you have received this fax either via email or by phone, it would be greatly appreciated. Thanking you in advance! My email address is web1010@mindspring.com and my home phone number is : 616/735-3610.
